Vivre au coeur
d'un grand jardin!

July 2015 - Volume 51

Municipal SERVICES

DRINKING WATER responsibly

This summer, we invite you to use drinking water responsibly to conserve this precious resource. It is useless to use a hose to clean your yard, sweeping with a broom may do a pretty well job. To water your plants, use rain water rather than drinking water.

We invite you to consult the following website:
peep.reseau-environnement.com
to learn simple tips to save water!

REMINDER

Hats off to the Urbanism and Environment Department

Year after year, more than 400 licenses are issued by the Urbanism and Environment Department staff at the City of Mercier. Spring being a very busy period, the city council and management would like to recognize the tremendous work done by the employees of this department.

Led by Rémi Lemieux, Director, this team is composed of Julie Chabannel, Catherine Constantin, Michel Dubé and Chantal Moquin.

WATERING periods

The period of permitted watering, whether even or odd days, is from 9 pm to midnight.

- Watering is allowed on even days for civic buildings bearing an even number;
- Watering is allowed on odd days for civic buildings bearing an odd number.

Note that in period of dryness, we implement exceptional measures for watering: only the use of a semi-automatic lance (handgun) is accepted. The use of sprinklers (oscillating, rotating and turnstile) is prohibited at all times during the period of drought.

NB: It is required to avail of a special permit for watering a new lawn. Please contact us at 450 691-6090 ext 240.

We expect you to respect the regulations.

**In case of EMERGENCY
for roads and
municipal infrastructures**

In the event of urgent issues regarding roads and municipal infrastructure (water, sewer, etc...), outside opening hours of municipal services, call 450 691-6090 option 5.

A word from the
MAYORESS

**Dear Mercieroisés,
dear Mercierois,**

NATIONAL DAY

This year's National Day in Mercier was significant since among the activities organized specifically for this occasion, special festivities were scheduled to mark the celebrations of the 50th anniversary of the change of status from village to town (2014) and the 175th anniversary of the parish of St. Philomène (2015).

These activities gave the opportunity for young and old to come and have fun and enjoy the great outdoors. We were able to count on the presence of many volunteers to help make this celebration a success and we are very proud of this event. Please keep yourself informed about our programming of events that will continue in 2015 to mark this big year for Mercier. Visit our website www.ville.mercier.qc.ca and/or our facebook page (#VilledMercier) to know what is to come!

WATER : WEALTH TO PRESERVE

In this summer period and in order to save our water, I invite you to limit the watering of your lawn and to respect the time frames permitted by the City for the use of water.

Take full advantage of upcoming festivities and on my own behalf and on behalf of members of council and staff, I wish you a great summer!

**Lise Michaud
Mayor**

Retirement

Ms. Johanne Lebrun, municipal employee in the position of Accounting Clerk - Accounts Payable in the Finance and Treasury Department team will take a well-deserved retirement in August. Ms. Brown has given over 31 years of dedicated service to the City of Mercier. The city council, the executive management and her colleagues wish to thank her for her contribution.

Tribute to the recipients of a Lieutenant Governor Medal

On May 9th took place the presentation of Medals of the Quebec Lieutenant Governor for seniors. Two Mercier residents, Ms. Mariette Pitre and Ginette Amyot, were rewarded for their engagement towards their community, each in their own way. We congratulate them and thank them for their involvement.

Quebec Lieutenant Governor with recipient Ms. Mme Mariette Pitre

Honorable Pierre Duchesne, Quebec Lieutenant Governor, with recipient Ms. Ginette Amyot.

To use your Ecocentre in the evening, you should take a appointment during business hours at, 450 691-6090 Option 5.
